EDUCATION

University of Maryland,
Baltimore County

B.A. Visual Arts
– Graphic Design

August 2006 to May 2010

EXPERIENCE

Web Development Immersive, General Assembly

May 2018 to Aug 2018 // Boston, MA

12-week, 500-hr development course, learning technologies to develop, test, and deploy full stack web applications using industry best-practices.

Umbrella Today? // *Ruby on Rails, JavaScript, jQuery, Handlebars*

- Fetches forecast and geocoding data from third-party APIs
- Parse through data to determine if an umbrella is needed today

TravelBox // *Ruby on Rails, JavaScript, jQuery, Handlebars*

- Users can save and display itinerary data in visual card format
- Card colors change automatically based on card status

DuckCloud // *MongoDB, Express, Node, JavaScript*

- Team project with three developers, building a file storage web app
- Files are uploaded to AWS S3, with file links saved to the database

Designer, Jackrabbit Design

April 2013 to May 2018 // Milton, MA

Designed for web and print at a full-service design agency, working with project managers, developers, and art/creative directors.

- Created UI designs for websites, email campaigns, and landing pages
- Comfortable in a fast-paced environment and being flexible to changing client needs
- Co-lead and planned quarterly internal designer meetings
- Onboarded junior designers and reviewed their work
- Created and maintained documentation for design processes
- Industries: healthcare, finance, education, retail, non-profit

Designer, Ictus Initiative

August 2010 to August 2012 // Boston, MA

Designed and project-managed multiple on-going projects, working with staff, clients, and vendors. Created book layouts for digital and print, website designs, and marketing materials.
